

**19th Annual Meeting of
the Egyptian Vascular Club (EVC)**

**21th International Annual Conference
of Vascular Society of Egypt (VSE)**

**Recent Advances and New Techniques
in Vascular and Endovascular Surgery**

15th – 16th May 2025

Tolip Hotel Alexandria, Egypt

Welcome Message

Distinguished colleagues and esteemed vascular surgeons,
On behalf of the Egyptian Vascular Club, and Vascular Society of Egypt, we extend a warm welcome to all of you attending the 19th EVC, and the 21st international annual congress of the VSE.

This year the EVC is celebrating his 25th year anniversary by collaborating with VSE. in a joint conference between EVC & VSE . As this cooperations has extended for many years it will undoubtedly add opportunities for scientific benefit to all practitioners of vascular surgery in Egypt.

We hope that it will enable us to re-issue the conference booklet that we are accustomed to issuing. It will also enable us to host a larger number of experts from around the world to benefit from their expertise and exchange their experiences.

The Congress. This year's theme, "Recent Advances and New Techniques in Vascular Surgery," promises to be an exciting exploration of the cutting edge in our field. We are delighted to have you join us for this momentous occasion.

This congress offers a unique platform to share knowledge, exchange ideas, and foster collaboration within our vascular surgical family.

Prepare to engage in stimulating discussions, and learn from renowned experts, and discover groundbreaking advancements shaping the future of vascular surgery.

Furthermore, the Egyptian Vascular Club and the Vascular Society of Egypt remain dedicated to nurturing the next generation of vascular surgeons.

young surgeons with the latest knowledge and techniques, ensuring a bright future for our specialty.

Main Topic

- Aortic Disease
- Carotid Artery Disease
- Peripheral Artery Disease (PAD)
- Venous Disease
- Dialysis Access
- Vascular Trauma
- Endovascular Surgery, and Open Surgery
- Artificial Intelligence
- Lymphatic Disease
- Microsurgery
- Robotic Surgery
- Irradiation Exposure

**1
Day**

15th

May 2025 | Thursday

12:00 – 13:00

Workshop 1

Sclerotherapy

Ayman Khalil

Learn the art and science of sclerotherapy in our hands-on workshop. Master techniques for treating spider and varicose veins with expert guidance. Elevate your aesthetic practice and deliver effective, patient-focused care

13:00 – 14:00

Workshop 2

Duplex guided vein cannulation

Hisham Labib

Enhance your skills in precise vascular access with our duplex-guided vein cannulation workshop. Learn real-time ultrasound techniques for accurate and safe vein identification. Improve first-pass success and reduce complications in challenging cases. Elevate your patient care and procedural confidence.

2
Day

16th

May 2025 | Friday

10:00 – 11:00

Workshop 3

Thermal Ablation of varicose veins
tips and tricks Workshop
Abdel Aziz Hafez

Master the nuances of thermal ablation for varicose veins in our focused workshop. Discover essential tips and tricks for successful endovenous laser and radiofrequency procedures. Learn to optimize patient selection, technique, and post-operative care for excellent outcomes. Elevate your expertise in this leading-edge treatment modality.

11:00 – 13:00

Workshop 4

Pediatric extremity vascular
trauma
**Adel kamhawy - Amr Aborahma -
Ihab Hamdy**

Navigate the complexities of pediatric vascular injuries in our specialized workshop. Gain critical insights into diagnosis, imaging, and tailored management strategies for young patients. Learn essential surgical and endovascular techniques adapted for pediatric anatomy. Improve outcomes for these challenging and delicate cases.

CONGRESS

DAY 1

Registration
11:00

12:00 – 13:30

1
Day

15th

Session 1

May 2025 | Thursday

Innovation in Aortic Surgery

Chairpersons: Alphabetical Order

Khaled Hindawy

Magdy Hagag

Mosaad Suliman

Nasser El Saied

Sameh El Imam

Moderator: Tarek Abdelazeem

- | | |
|---------------|---|
| 12:00 – 12:10 | Vascular Access Challenges in Endovascular repair of Abdominal and Thoracic aneurysms.
Magdy Hagag, Cairo University |
| 12:10 – 12:20 | Is EVAR Management undergoing paradigm shift?
Samer Koussayer |
| 12:20 – 12:30 | Aortic Neck dilatation post EVAR Risk Factors & Manage ment.
Samer Koussayer |
| 12:30 – 12:40 | Leaking AAA repair: unusual complication treated in an unusual way.
Sameh Mostafa, Alexandria University |
| 12:40 – 12:50 | Comparing FEVAR and CHEVAR for AAA Repair: Exploring Long-Term Outcomes and Differences.
Tamer Khafagy, Mansoura University |
| 12:50 – 13:00 | Management of Aortic free floating thrombus
Tarek Saraieb, Professor & Head Vascular Surgery Tunisia |
| 13:00 – 13:10 | Are we going to handle aortic dissection nowadays the same way?
Hesham Mostafa, Cairo University |
| 13:10 – 13:20 | Different landing zones for TEVAR in management of different aortic pathologies.
Muhammad Labej, Vascular Surgery Port Saed University |
| 13:20 – 13:30 | Discussion |

13:30 – 15:05

1
Day

15th

Session 2

May 2025 | Thursday

Innovation in vascular access technique & Thrombolysis

Chairpersons: Alphabetical Order

Ashraf Hedayet

Atef Allam

Hany Abdelmoaamen

Omar Elkashef

Mohammed Salem

Waled Gamal Abdelmetaal

Moderator: Ehab Saad

- 13:30 – 13:40 **One stage side to side brachio_basilic AV fistula: Anew technique for longer patency.**
Amr Abo Rahma, Tanta University
- 13:40 – 13:50 **Stenting versus non stenting PTA In central venous stenosis.**
Ahmed Tawfik, Zagazig University
- 13:50 – 14:00 **SFA retrograde approach.**
Mohamed yahia Zakaria, Azhar University
- 14:00 – 14:10 **Different modalities for management of thrombosed Arteriovenous fistula: Multicenter experience.**
Mohamed Ismail, Ain Shams University
- 14:10 – 14:20 **Aorto iliac occlusion" Leave nothing behind"**
Ahmed Abdelsatar,
GOTHI general organization of teaching hospitals and institutions
- 14:20 – 14:30 **Missed intravascular tools**
Mosaad Suliman, Mansoura University
- 14:30 – 14:40 **AngioJet and Aspirex Thrombectomy versus thrombolysis for acute ilio-Femoral in deep vein thrombosis: a Multicenter retrospective Comparative Evaluation of the Three Therapeutic Interventional Modalities.**
Ahmed Khairy, Banha, Banha University
- 14:40 – 14:55 **Enhancing the real-life practice With Micronized purified flavonoid fraction**
Tarek Abdelazim,
- 14:55 – 15:05 **Discussion**

15:05 – 16:45

1
Day

15th

Session 3

May 2025 | Thursday

Innovation in peripheral vascular disease

Chairpersons: Alphabetical Order

Ahmed Abdel Sattar

Ahmed Tawik

Hesham Sharaf

Ihab El Fakharany

Islam Atta

Moderator: Mustafa Suliman

- 15:05 – 15:25 **Paradigm Shift in the management of chronic limb ischemia.**
Atef Allam, Al-Azhar University
- 15:25 – 15:35 **Popliteal artery aneurysm in a young patient with popliteal artery entrapment (challenging case)**
Islam Atta, Kafr El Sheikh University
- 15:35 – 15:45 **Military Vascular Injuries.**
Omar Mukhtar Ibrahim, Al-Azhar University
- 15:45 – 15:55 **Remote Endarterectomy FEM-POP segment.**
Naser Elsaed, Army Vascular Surgery
- 15:55 – 16:05 **Common femoral directional atherectomy. The ongoing debate.**
Abdelrahman Maher (UAE)
- 16:05 – 16:15 **Acute limb ischemia in cancer patients, to do or not to do?**
Emad Sallam, Tanta University
- 16:15 – 16:25 **Symposium "The Journey of Diabetic Foot Patient"**
Ashraf Gamal, Asiat univirsety
- 16:25 – 16:35 **Challenging case, desert arterial tree**
Gerges Hosney Loka GOTH Mataryia Teaching Hospital
- 16:35 – 16:45 **Discussion**

 **Parkville**

16:45 – 17:30

1
Day

15th

May 2025 | Thursday

Opening Ceremony and Coffee Break

Speech of VSE President, and EVC Board Members and

Short Video on EVC History

Special Speech of Prof. Khaled Abdelaal,

EVC from IDEA to 25 Years History

17:30 – 18:40

1
Day

15th

Session 4

May 2025 | Thursday

Innovation in AI and vascular Imaging:

Chairpersons: **Alphabetical Order**

Hassan Loffy

Mahmoud Saeed

Mohamed El Heneidy

Mohamed Yahia Zakaria

Mounir Mabrouk

Moderator: **Ayman Salem**

- | | |
|---------------|--|
| 17:30 – 17:40 | Role of AI in Vascular imaging.
Moatasem Bellah Elshareif GOTH |
| 17:40 – 17:50 | Vascular Medical Photography and AI
Mahmoud Abou Ghonim, GOTH |
| 17:50 – 18:00 | AI and Prediction of Rupture Aortic Aneurysm.
Sherif Tarek, Tanta University |
| 18:00 – 18:10 | Robotics and AI in vascular duplex ultrasound
Mohamed Omar, GOTH |
| 18:10 – 18:20 | Artificial intelligence is it the holy grail ? Or gate to hell
Khaled Abdel Aal (UAE) |
| 18:20 – 18:40 | Discussion |

18:40 – 19:50

1
Day

15th

Session 5

May 2025 | Thursday

Innovation in pediatric vascular disease and vascular Malformations

Chairpersons: Alphabetical Order

Amr Abdelrehim

Assem Herz Allah

Ayman Abdelfattah

Samer Regal

Sherif Balbaa

Moderator: Walid Abdel Badeea Sorour

- | | |
|---------------|--|
| 18:40 – 18:50 | Pediatric Peripheral Aneurysms
Ihab Hamdy, Tanta University |
| 18:50 – 19:00 | Management of Pediatric Primary V.V.
Adel Hussein Kamhawy, Tanta University |
| 19:00 – 19:10 | Klippel – Trenuany syndrome
Mohamed Hagag, Ain Shams University |
| 19:10 – 19:20 | Guidelines of Venous Throboemolic disease in Children.
Pier Luigi Antignani,
Professor of Angiology, University Spienaza, Rome- Italy |
| 19:20 – 19:30 | Vascular Malformations and Malignancy
Ahmed Badran, Tanta University |
| 19:30 – 19:40 | Persistent sciatic artery aneurysm, the dilemma to diagnose and treat.
Peter Samuel, Cairo University |
| 19:40 – 19:50 | Discussion |
| 19:50 | Dinner |

• **Program** •

CONGRESS

DAY 2

GOMAA PRAYER & COFFEE BREAK

13:00 – 14:00

14:00 – 15:20

2
Day

16th

Session 6

May 2025 | Friday

Advances, Guidelines and new frontier

Chairpersons: **Alphabetical Order**

Ahmed Khairy Allam

Emad Sallam

Metwally Ragab

Mohamed Shokry

Omar El-Mokhtar

Moderator: **Waleed Kheriba**

- 14:00 – 14:10 **Non surgical replantation and revascularization of the amputated distal finger injuries**
Nader Elmeilgy, Tanta University
- 14:10 – 14:20 **Transcarotid Artery Revascularization: TCAR A Game Changer.**
Mostafa Elshal, National Diabetic institute GOHI
- 14:20 – 14:30 **Venous Malformation: A challenging Vascular Problem; Bleomycin Polidocanol Foam (BPF) Sclerotherapy with Promising Results.**
Ayman Khalil, Consultant Vascular Surgeon
- 14:30 – 14:40 **Carotid Endarterectomy: new technique to avoid shunt and patch.**
Nasr Elsaed, Army Vascular Surgeon
- 14:40 – 14:50 **The myth of contrast associated nephropathy.**
Abdelrahman Maher (UAE)
- 14:50 – 15:00 **Glomus tumour: is it rare?**
Mohamed El Henidy, Tanta University
- 15:00 – 15:10 **Infected vascular graft guideles**
Assem Herzallah, GOHI
- 15:10 – 15:20 **Discussion**

15:20 – 16:40

**2
Day**

16th

Session 7
May 2025 | Friday

Innovation in Venous Diseases (I)

Chairpersons: Alphabetical Order

Abdel Rahman Gamil
Ahmed El Nagar
Amr Gad
Mahsoub Morad
Mostafa Elshal
Sameh Mostafa

Moderator: Khaled Abdel Aal

- | | |
|---------------|---|
| 15:20 – 15:30 | Appropriateness in Superficial Venous Treatments.
Sergio Gianessi, ITALY UIP President 2023-2027 |
| 15:30 – 15:40 | Efficacy of slim low profile LASER catheter in management all sites of reflux in varicose veins.
Ahmed Elshabrawy, Mansoura University |
| 15:40 – 15:50 | Complex pelvic congestion case where to start and when to stop.
Ahmed Abdelrahman El Nagar, El Fayom University |
| 15:50 – 16:00 | Deep Vein Stenting, Step by Step.
Amr Abdel Rehim Abouzaid, Kasr Al-Ainy School of Medicine |
| 16:00 – 16:10 | Anterior Accessory Great Saphenous Vein: Common Cause of Recurrent Varicose Veins.
Mohamed Sakr, Mansoura University |
| 16:10 – 16:20 | eCAT: Hybrid Treatment of Lower Limb Varicose Veins.
Waleed Kher eba, Al-Azhar University |
| 16:20 – 16:30 | What is beyond Aesthetic Phlebology?
Sohiel Ayman Fakhry, Army vascular surgeon |
| 16:30 – 16:40 | Discussion |

16:40 – 18:00

2
Day

16th

Session 8
May 2025 | Friday

Innovation in Venous Diseases (II)

Chairpersons: Alphabetical Order

Abdelaziz Abdelhafez

Ezz Eldin El Korashy

Hassan Abdel-Atti

Osman Abosebaa

Saeed El Mallah

Moderator: Ayman Fakhry

- 16:40 – 16:50 **Simple technique in laser ablation of incompetent leg perforator**
Ayman Salem, Zagazig University
- 16:50 – 17:00 **Endovenous thermal ablation techniques are not the same**
Khaled Abdel Aal, UAE
- 17:00 – 17:10 **HIFU in varicose veins Innovative Non-Invasive technique**
Mustafa Suliman, Ain Shams University
- 17:10 – 17:20 **The golden rules you should not follow in thermal ablation of varicose veins- 20 years' experience ""**
Ayman Fakhrey
- 17:20 – 17:30 **Closure of varicose veins by glue: simple technique.**
Abudallah Ibrahim Omira, Health Insurance Hospital
- 17:30 – 17:40 **Inferior Vena Cava Agenesis.**
Mohamed Mahdy Omar, Consultant Vascular Surgeon, Germany
- 17:40 – 17:50 **Limitations of use of DOACs in management of VTE.**
Omar Elkashef, Cairo University
- 17:50 – 18:00 **Discussion**

18:00 – 19:10

2
Day

16th

Session 9
May 2025 | Friday

Innovation in diabetic foot and Chronic wounds:

Chairpersons: Alphabetical Order

Ahmed Mira
Amr Abo Rahma
Nader Elmeilgy
Tamer Khafagy
Yehia El Khateeb
Yehia Sadek

Moderator: Adel Hussein Kamhawwy

- 18:00 – 18:10 **Innovations in Foot Ulcer Treatment.**
Mustafa Suliman, Ain Shams University
- 18:10 – 18:20 **Treatment of extensive diabetic foot ulcers using electro-photobiomodulation.**
Nader Elmeilgy Tanta University
- 18:20 – 18:30 **Wound Blush after Endovascular Intervention and Heel Ulcer Healing time.**
Adel Hussein Kamhawwy, Tanta University
- 18:30 – 18:40 **Multidisciplinary Approach for diabetic Foot Infection.**
Ahmed Elshabrawy, Mansoura University
- 18:40 – 18:50 **Five-Year Follow-Up: Does Metatarsal Head Resection Prevent Recurrence in Diabetic Plantar Ulcers?**
Yehia El Khateeb, Menofia University
- 18:50 – 19:00 **Endovascular strategy for diabetic patients with CLTI.**
Mohamed Sakr, Mansoura University
- 19:00 – 19:10 **Discussion**
- 19:10 – 19:40 **Closing Ceremony and Photos**
- 19:40 **Dinner**

The following Speakers tips for your consideration:

- 1-** All ppt presentation should be presented at Faculty room 3 hours before your talk.
AV booth is not set to receive any ppt presentation
- 2-** Please pertain on the timing allocation for your talk as stated in the program booklet.
- 3-** A countdown timer per the allocated timing will be available in each hall and will be visible by all faculty on stage
- 4-** As soon as the allocated time has finished, the power of your microphone will be off.
- 5-** Question and answers will be kept until the end of each session during the discussion segment.
- 6-** Please be present at the Hall, 15 minutes before your talk.
- 7-** All speakers will be presenting on the podium microphone. Should you wish to have a clip-on mic, please inform the AV at the AV console to prep you with a clip-on.

Attached the PPT template for your kind usage

Thank you, My Dearest,
